SUMMARY

Product Manager with 4 years of experience shipping consumer growth features at a Series B fintech startup. Led cross-functional teams of engineers and designers to launch a referral program that grew monthly signups by 22% and a KYC onboarding redesign that cut drop-off by 35%.

EXPERIENCE

Product Manager, Kuku Technologies (2022 - Present)

- Owned the referral and rewards product line for a 2M MAU consumer fintech app.
- Shipped a redesigned referral flow that grew monthly signups 22% in one quarter, measured via a controlled A/B test against the legacy flow.
- Led the KYC onboarding redesign, partnering with design and 4 engineers; cut onboarding drop-off from 41% to 26% by simplifying document capture and adding progress indicators.
- Ran weekly prioritization with engineering leads using a RICE framework to sequence the roadmap across growth, trust and safety, and platform reliability workstreams.
- Defined and tracked North Star metrics (activation rate, D7 retention) in Amplitude, presenting results to the executive team monthly.

Associate Product Manager, Kuku Technologies (2021 - 2022)

- Supported the onboarding squad; wrote PRDs and ran usability sessions with 15+ users.
- Built the initial referral program MVP that this role later scaled up.

Product Intern, Bright Analytics (Summer 2020)

- Analyzed churn drivers across 3 customer segments and presented findings to the VP of Product.
- Prototyped a dashboard mockup in Figma later adopted for the customer-facing analytics product.

EDUCATION

B.Tech, Computer Science, IIT Bombay (2017 - 2021)

SKILLS

Product Strategy, A/B Testing, SQL, Amplitude, Figma, Roadmapping, Stakeholder Management, Cross-functional Leadership, RICE Prioritization, User Research

PROJECTS

Campus Marketplace App (2020) - Built and launched a peer-to-peer marketplace app for IIT Bombay students; grew to 800 active users through direct outreach and campus ambassadors.
